

LAROUSSE

bilingual dictionaries for effective language learning

Larousse English-Spanish bilingual dictionaries are powerful reference tools for both language learners and professionals, not only because of the breadth and depth of their coverage of language, but because of the valuable information they provide about the cultural and social aspects of life in English-speaking countries.

All titles featured here are accompanied by an **electronic dictionary on CD-ROM** on which you can hear 50,000 headwords pronounced.

Gran Larousse English-Spanish / Español-Inglés

The top-of-the-range dictionary offering both breadth and depth of treatment with comprehensive coverage of general language and also specialist fields. Ideal for those with an academic or professional interest in either language.
