

Larousse Salud, nutrición y familia
Larousse Health, Nutrition and Parenting

PRICE 168,00 €
 NUMBER OF PAGES 804
 SIZE 23 X 28,8 CM
 BINDING HARDBACK WITH JACKET

- A two volume encyclopaedia for general healthcare, a balanced diet, the regular practice of sports adapted to the different ages, indications to ease certain symptoms, how to act in certain cases (first aid for children), the diversity of new techniques in medicine and everything that helps maintain and improve our quality of life
 - Inspired by the new concept of health established by the World Health Organization, that is to say: a complete state of physical, mental and social wellbeing, not only a lack of illnesses
- Thanks to its contents and formal structure, it is not only a reference work, but also an enjoyable read
 - Whenever medical terms need to be used they are defined and put into context
 - Readers can access chapters of interest by looking at the summary or look for a particular concept thanks to the analytic index
 - The abundant photographs, illustrations, boxes and tables contribute to clearer understanding

Biblioteca Básica de los Padres
Parenting Encyclopedia

PRICE 37,50 €
NUMBER OF PAGES 229
